

Sponsor a child today!

Through Hand-in-Hand you can sponsor a child at one of our partner projects in Africa or India...

£25 per month supports a young person through secondary school

£15 per month supports a child through primary school or a youngster through vocational training

We'll send you details about your sponsored child and keep you updated about their progress.

Because we want to support the education and care provided by each centre, make the teachers feel valued and help them achieve a consistently high standard, we are very keen that all children who attend should be supported.

So please tell your friends, and encourage clubs, churches, schools and others to help too!

David Steiner. EO

How to join Hand-in-Hand

1 Follow the online direct debit instruction

OR

2. Download and complete the standing order form and post it to the address given

What your sponsorship can achieve

Mawini (pictured above) was sponsored through PIZZ School in Zambia. From a very disadvantaged background, she did extremely well against all odds. She is now training in veterinary science at Lusaka University, where she has won best student in her year for two years running!
